ErinoakKids is an outpatient treatment centre for young people with special needs who live in the Central West Region of Ontario. It provides a range of clinical and family support services to young people with physical, developmental and communication challenges.

- ErinoakKids is the lead administrative agency working collaboratively with Trillium Health Centre, KidsAbility, Kerry's Place Autism Services and Woodview Children's Centre to provide Intensive Behavioural Intervention (IBI) to children with autism.
- Admission to ErinoakKids multidisciplinary services, which provides comprehensive programming to children with physical disabilities, is by a physician's referral.
- ErinoakKids is also lead agency and service provider for the Halton-Peel Preschool Speech and Language Program, Central West Infant Hearing Program and Blind Low Vision Program.
