Do you have any suggestions for next year's conference

More on Autism

Today was great; more of the same (but different)

Revamp of ideas to use in daycares

Draw door prizes during lunch

Add some more topics like Down Syndrome

Full day kindergarten and how it has impacted Day Cares and businesses. Multicultural celebrations, craft ideas

Workshop that have more of a hands on practical approach

ECE's in Peel Board, Change in Childcare Centres and What is Child Family Centres and will all daycares now be these?

Lower cost

Get feedback on what people are looking for from specific presentation prior to workshop

More topics for support people on special needs i.e.: encouraging families to choose supports

Is there anything you did not enjoy

Room temperature - too hot or too cold

Disappointed in one workshop

Some of the workshops were long and focused more along the lines of testing as apposed to training info

Dry information

Morning break all carbs (allergies)

I would have preferred a hot lunch
