#### **Frequently Asked Questions:**

- What is the difference between a screening and an assessment?

*Our screening clinic is designed to identify children who might have a developmental problem and should be referred for an extensive assessment. Screening can be conducted quickly, usually in 20 minutes.*

- Is there a fee for this service?

*No, we do not have a fee and a Health Card is not required.*

- Do I need an appointment?

*No, PEP-Start is a drop-in clinic and it is first come, first served.*

- I can't speak English well. Can I still attend?

*Of course! Interpretive Services can be arranged with 2 weeks notice OR bring someone who can translate for you.*

- I can't get time away from work. Can someone else bring my child?

*Yes, as long as you send along a signed note with your family member, giving them permission to attend with your child. It is always better to talk directly with the child and parent.*
