

# Peel Dual Diagnosis Committee

## Launches

### DUAL DIAGNOSIS CONSULTATIVE SUPPORT FOR INDIVIDUALS/FAMILIES/STAFF

The Peel Dual Diagnosis Committee is re-establishing a “Dual Diagnosis Consultative Support Process” that will enable individuals and their support networks the opportunity to present their challenges at a committee meeting to representatives from both the developmental sector and the mental health sector. This cross-sectoral committee will allow the presenters to access the expertise of professionals from both fields at the same table.

The outcomes achieved from this process **may be**; the opportunity for early intervention, problem solving, information sharing, the suggesting of potential services, a new perspective on the situation, facilitating access to services such as assessments, and suggestions for support.

Please contact the “resource person” for your organization or a member of the committee for more information. For contact information please visit the Peel Halton Dual Diagnosis Website at [www.cdrcp.com](http://www.cdrcp.com).
