

Peel Behavioural Services

Peel Behavioural Services is a community service that offers functional behavioural assessments, individual behavioural programs, brief interventions, consultative assistance, educational sessions, groups and a resource library for individuals, families and community agencies. Individuals must live in the Region of Peel, be over the age of two, and have a developmental disability, ASD and/or a Dual Diagnosis. Treatment is provided in homes, in daycare settings and in schools.

Our clients are individuals with developmental disabilities (including Autism Spectrum Disorder and individuals with a Dual Diagnosis) experiencing behavioural difficulties. They must be over the age of two and live in the Region of Peel.

Common reasons for referral:

- Aggression
- Self-injury
- Non-compliance
- Anger management
- Social Skill development
- Toilet training
- Inappropriate sexual behaviours
