

Community Integration Through Cooperative Education

The C.I.C.E. Program provides students with a developmental disabilities the opportunity to participate in college adapted programs and activities. The main focus for students is to have a college experience. Students will work on their academic and generic life skills which may help with job readiness.

The goal is for each student to have the chance to learn skills that will help them participate at college, at work (paid or volunteer), at home and in the community. Each student will participate in setting goals for college life. In particular, students will:

- Take part in college programs and activities
- Test and develop their skills for potential employment
- Follow their own academic/ vocational interests
- Function more independently by attending classes in social, academic and life skills development and Strengthen areas such as self confidence to enrich the quality of their lives
